DO YOU KNOW ?

In 1965, during Singapore separation, Malaysian Prime Minister said that "If Singapore's foreign policy is prejudicial to Malaysia's interests, we could always bring pressure to bear on them by threatening to TURN OFF THE WATER in Johor".

And

Singapore target to reduce water usage from 151 litres to 140 litres,

So?

Singapore's per capita domestic water consumption has been brought down from **165 litres per day in 2003** to the **current 151 litres**. The mission is to lower this amount to **147 litres by 2020** and **140 litres by 2030**
